

EXELON APPALTO SERIES DIGITAL LOAD CELLS

Hermetic IP68/IP69K Digital Force Measurement Sensor

Construction: Hardened aerospace stainless steel, laser-welded hermetic seal

Ingress Rating: IP68 (submersible up to 1m) and IP69K (high-pressure washdown)

Internal Circuitry: Onboard A/D converter, self-diagnostics & auto-calibration

Thermal Range: -35 deg C to +65 deg C

Shock Resistance: Cup & Ball self-aligning rocker mechanism
